A MESSAGE FROM YOUR KVCC PRESIDENT

By Michelle Moudry

Dear Neighbors,

I hope everyone is off to a great year! It was an exciting way to start the year with the opening of the Buffalo Speedway Bridge, thank you all for your patience throughout the construction project.

We started the year with the KVCC Annual Resident Meeting on January 25th where new officers were voted in. Michelle Jarrell was elected Treasurer and Laura Ferro was elected Secretary, thank you both for stepping up to take on these important roles.

Please reach out to us if you have interest in getting involved in the club.

- We are looking for volunteers to work on the Knollwood Newsletter with Advertising and Publishing
- The Architectural Control Committee (ACC) is looking for architects

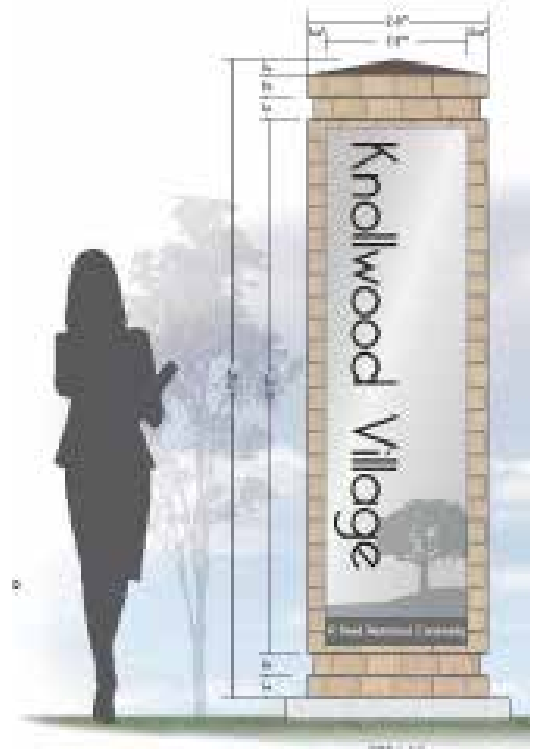

Thank you to all who contributed their 2021 dues, KVCC collected \$98,810 in dues for 2021 putting the Civic Club at 101% of budget. We have kept the dues at \$290 for 2022, please get your payment in, if you haven't yet.

1. Online through PayPal at knollwoodvillage.org/contribute/
2. By check made out to the Knollwood Village Civic Club mailed to KVCC, PO Box 20801, Houston, TX 77225

Plans were finalized and we are in for permit on the South Braeswood Signage replacement. The overall cost is \$13,515 and the landscaping and irrigation repairs will be in addition to this. The sign will be a 7'2" tall and 2' wide four-sided brick column with aluminum panels on all sides as shown below. This vertical style was selected to help with the challenged visibility feedback in this location.

Thank you all for your support of the KVCC.

PERSHING MIDDLE SCHOOL

By Stephanie Hester

Pershing Middle School 7th grader, Josh Guzman recently placed 4th in the Texas Middle School State Wrestling Tournament. Josh went 5-2, winning two matches by pinning and three by decision. Josh was honored to be the only wrestler to represent Pershing and is shooting for first place in state in his 8th grade year.

Eighteen seventh and eighth grade students from Pershing Middle School received awards at the Houston Livestock Show and Rodeo annual School Art Program. One of the highest honors was awarded to Sophie Martinez who received the prestigious Gold Medal for her piece, "This Cowdog Means Business." Her art will be exhibited at the Hayloft Gallery throughout the rodeo. Other artists of distinction include Victoria Wang for her piece, "Longhorn," Carol Wang for her piece, "Ride Away," and Eden Harris for her piece, "Cat in Red." All three students were recognized as NRG Finalists.

Pershing students and their families braved the cold weather on Friday, January 28, for an outdoor family movie night. The warmly dressed crowd enjoyed Spiderman 2, complete with popcorn and candy, and spontaneous games on the Pershing sports fields.

LONGFELLOW ELEMENTARY SCHOOL

By Jenny Rozelle

Do you know any elementary school students who want to be Longfellow Leopards next year? To apply for our fine arts magnet program — which includes our amazing art, band, choir, dance, and orchestra programs, visit www.hisdchoice.com. If you already have an application in the Smart Choice System, login to your account and click “start new application.” For more information, contact Ms. Pennington at 713-295-5268 or apennin1@houstonisd.org.

Pre-K registration has changed this year. It will be lottery-based, and applications must be completed on the HISD School Choice website. Qualified students will be given priority; information about qualifications is available on the website. PK3 and PK4 tuition-based spots will only be offered if there is space available. Stay tuned for information about kindergarten registration for zoned students.

Our PTO held a Hot CHALK-olate event on Dec. 12. Students and parents drew creative pictures and messages in chalk on the sidewalks for our teachers and staff members to see when they arrived at work the next day. While perfecting their chalk artwork, families enjoyed hot chocolate, marshmallows, and cookies.

Click Virtual Food Hall donated a delicious lunch for Longfellow’s teachers and staff on Dec. 15. Our nearby Marco’s Pizza location on South Main Street supported the Longfellow PTO with a fundraiser on Jan. 20 by donating 20% of Longfellow order amounts back to the school. A huge “thank you!” to both Click Virtual Food Hall and to Marco’s for their generosity to Longfellow!

The Longfellow Music Department presented Concert Under the Stars on the evening of Dec. 16 with performances from the 4th and 5th grade band, orchestra, and choir. There was also a special Art Glow presentation from the art department. Families enjoyed holiday tunes along with food and snacks from Kona Ice, Mama Ann’s BBQ Truck and Tom’s Coffee Truck.

Longfellow is holding weekly COVID-19 testing for our students. Parents or guardians must give consent for children to be tested. For more information, please visit the Longfellow website.

Spirit week took place Feb. 7-11. Students loved dressing up according to themes like “Longfellow Pride Day,” “Wacky Tacky Day” and “Sports Day” to show our spirit for all the things we love!

Longfellow students have earned top honors in the Imagine Learning IGNITE contest with their Language and Literacy campus-wide usage. Congratulations, Longfellow!

BRAESWOOD SUPER NEIGHBORHOOD (BSN)

by Cheryl O'Brien, President – BSN Council #32

- BSN still working with CenterPoint on the Buffalo Speedway bridge lights (supply chain issues).
- BSN will host a cleanup day in April in conjunction with Keep Houston Beautiful on Sat. April 2, 2022. We'll be focusing again on Linkwood Park and the Stella Link corridor. More info will be emailed out this month
- Through a federal grant, the City of West University Place was awarded funding to replace the existing road surface of Buffalo Speedway. The project area consists of the section of road that traverses the city beginning at the 5300 block (south of Bissonnet) and ending at the 6700 block (north of West Holcombe/Bellaire). As part of this project, the city will also make improvements to the drainage system. The road construction portion of the project will be administered by the Texas Department of Transportation (TXDOT) with City oversight. The project completion is scheduled to finish by Feb 2023 and it consist of 1) A complete road surface replacement in approximately the existing footprint, 2) Major Drainage System Improvements including proposed dual 8 foot by 8-foot box culverts transporting stormwater to the Poor Farm Ditch south of Holcombe Boulevard and 3) Visual enhancements at both entrances and at major intersections. You can find and even sign up for weekly updates at <https://www.westutx.gov/639/Buffalo-Speedway-Project>.

- Brays Oaks Management District has commissioned a nationally recognized architect team to develop a Master Plan called Levitt Houston for the Gasmer Redevelopment (formerly Shell Research Facility and future home of Levitt Pavilion located at 5521 Gasmer). You can find more info at <http://www.levitthouston.org/>

- There is a proposed pedestrian bridge across the bayou between Buffalo Speedway and Stella Link that is still pending. This has been an issue that the BSN has been pushing for since early 2018. The estimated cost for such a bridge is \$1,000,000 and County Precinct 1 Commissioner Rodney Ellis has agreed to fund this project from his precinct's budget. Plans have been drawn and are awaiting approval from the Corp of Engineers possibly sometime in Q1 2022.
- The Stella Link Shopping Center located at Stella Link and S. Braeswood is under some construction on the south side of the property. The new owner has plans to demolish the buildings on the property and construct 5 commercial pads for restaurant/retail space and to also build an 8-story building. The project will eventually have hundreds of market-rate apartments and approximately 75,000 square feet of retail. The BSN will update you as we learn more specific details. Meet Your Knollwood Village Neighbor The Ferro/Bandy Family on Stanton Street

Family Names:

Laura Ferro & Robert Bandy (married but different names – Laura promised herself she would never change her name again after her first husband... She also resolved never to marry again, but...)

Tell us a little about yourself and /or your family.

Laura is from Rome, Italy, but grew up in Houston since the age of 14. Robert is of Norwegian heritage, but is from Green Bay, WI where he played in the symphony and in the band for the Packers. Laura & Robert met in Frederick, MD where they were both working. Robert is a retired musician, musical instruments repair tech, and trumpet teacher. Laura worked for Bechtel, an Engineering/Construction company with projects all over the world. Laura went to Frederick after a stint in Romania and after several overseas assignments (Bahrain, Taiwan, Algeria, Chile, Indonesia, Ukraine, Germany, St. Croix). Laura asked Bechtel to send her back to Houston where she grew up and where her mother and family were, but could not go without Robert so she married him and took him with her. No children, but we've had several cats, the last 2, Zig and Zag, twins. Unfortunately, Zag died the day after Thanksgiving and Zig is now enjoying being the center of attention.

Favorite thing(s) to do as a family?

Cruising, golf, bike ride, go to Galveston and Robert is an excellent target shooter.

How long have you lived in the neighborhood?

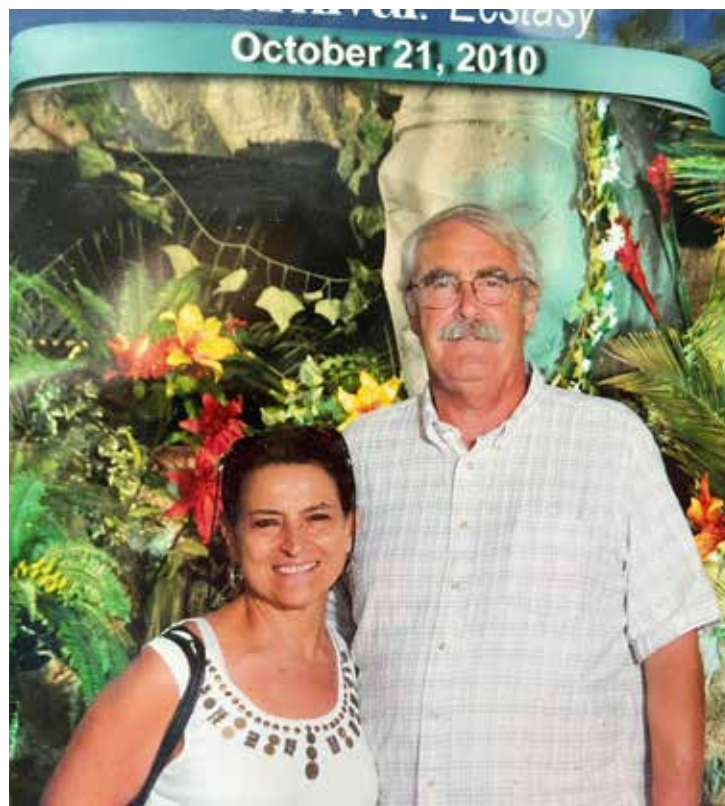

Since 2008

What is your favorite thing about the neighborhood?

It's a quiet (most of the time) gem in the middle of a bustling, huge city and so centrally located that it's easy to get to just about anywhere. It's also close to the best medical center in the world (Laura's parents were both doctors – her mother the Chief of Radiology at the VA Hospital).

What would you like to see improve?

More neighborhood events to get to know neighbors better.

2/14/2022	3434	Norris	Replacement Fence			2/14/22 Asked homeowner for a survey with the fence location marked on it.

The ACC has had a busy few weeks as currently seems to be usual. We have approved another new home as well as two additions/remodels in the neighborhood. We have another new home under review as well as one other remodel. Our biggest issues seem to be with the house flippers that have recently gotten fairly active in Knollwood Village. So, if you see a project suddenly under construction for a major remodel, but don't see one of our ACC Approved signs in the yard, please send a note including the project address to build@knollwoodvillage.org. That will alert our committee to contact the homeowner and determine if an ACC review is required. Some of the "flipper" remodels are entirely interior with just exterior paint and those don't require a review; however, better safe than sorry, so just send us an email if you think that there may be a project under construction that could require a review by the ACC, and we will check it out.

ARE YOU NEW TO THE NEIGHBORHOOD OR DO YOU HAVE A NEW NEIGHBOR (INCLUDING RENTERS)?

If so, let the Knollwood Village WELCOME Committee know you are here with an email to welcome@knollwoodvillage.org! We are happy to deliver information about our Civic Club, neighborhood and surrounding areas as well as help you get connected. You can also subscribe to the Civic Club distribution list by filling out a form that will take you just 1 minute, visit <http://knollwoodvillage.org/email/>

KVCC WINTER 2021-2022 INCIDENT REPORT

By David Wood

The Knollwood Village security incidents reported below are compiled from reports that residents make to S.E.A.L. Security Solutions (SEAL), crime data from the Houston Police Department that is available on the internet, and reports from residents. Information available on the crime data website is limited to the basic details of block number, date, time, and type of crime.

Since the last Knollwood Village newsletter, incidents that have been reported include four reports of suspicious persons, three reports involving dogs (a stray dog, a missing dog, unleashed dogs), two reports of solicitors, two reports of theft from a vehicle, one report of theft of a vehicle, one theft, two burglaries, one report of burglary of a garage, and one aggravated assault. The details of these incidents are listed below in this report.

NOTE: PLEASE report all criminal incidents to both HPD and SEAL Security. This reporting redundancy is important because HPD allocates their patrol resources to areas that report incidents. It is to Knollwood Village's benefit to report all incidents that occur here to HPD so we can have additional HPD patrols. In addition, SEAL Security does not receive HPD reports so if SEAL is not informed, our SEAL officer will not know what to be on the lookout for during patrols. Also, SEAL provides a detailed history of reported incidents to the KVCC, and that record is one of the sources of information used to compile this quarterly newsletter report which helps keep residents informed about how criminals operate so deterrent measures can be made more effective.

If you notice any persons in the neighborhood who are behaving suspiciously, please call the Houston Police Department's non-emergency phone number, which is 713-884-3131, and report them. After you report the suspicious person(s) to HPD, please call SEAL Security at 713-561-5757 and report the suspicious person(s) to them.

If, however, you see a crime in progress, such as a person breaking the window of a house or kicking in a door, please call 911, the City of Houston's emergency number, to report it.

Knollwood Village is in Precinct 7 of the Harris County Constable's office. The patrol dispatch number for the Precinct 7 Constable's office is 713-643-6602. The Houston Police Department should always be called first at their non-emergency number listed above, but feel free to also call the Precinct 7 Constable. If a Constable officer happens to be patrolling in the area, they may be able to respond to a call more quickly than HPD officers patrolling further away.

SOCIAL COMMITTEE

By Bevin Barrett

Your KVCC Social Committee is interested in hosting a spring event. Last year, KVCC resident and biologist, Jaime Gonzalez, led a group of neighbors on a “nature ramble” down to the pocket prairie near Brays Bayou and shared info about the nature in our area. We would like to host a similar event this year with the topic of the history of our neighborhood. If you know a neighbor who is knowledgeable about the history of Knollwood Village and the area, we would love to connect with them. You can also email the committee at social@knollwoodvillage.org with neighborhood history you would like to share for our project. Thanks in advance!
