

*2023 Holiday
Decorating Contest*

Knollwood Village

1st Place – 2811 Ashwood

This home has a touch of everything from great color scheme on the roof line, along the yard to a beautiful traditional nativity scene, to delightful whimsical words and possibly the only home with holiday music!

2nd Place – 2810 Conway

The clean lines, simplicity and attention to details made this home so pleasing to the eye.

3rd Place – 8227 Lorrie Dr

Fun, colorful and one of the most unique holiday decor! One of the only homes where the homeowner made use of the entire front yard!

Most Traditional – 3018 Broadmead

From the roof lines to the 5 huge wreaths and the lights along the door, landscaping and up the trees, this home screamed traditional more than any others.

Most Creative – 3523 Greenbush

During the day, you would never know but at night this home transforms into a pop of color. The homeowner was so creative with the use of red and green spot lights, the tree of lights and the multiple holograms.

Best Color Scheme – 3411 Broadmead

This category was the most competitive of them all. So many homes had amazing color schemes but this one captured it the best with the hues of red, green and pops of blue along with the beautiful wreaths and clean look of lights along the roof line.

Worthy of Placement

We wanted to acknowledge the effort, creativity and beauty of these homes who just fell short of placement.
